## The end of lonliness

"The end of lonliness"

>Hi^^ This is just a brief depressing story I wrote when I was down.<br>

>Standard disclaimers apply.<br>

>"The end of loneliness."<br>

> She had finally had enough; Mieoh Setsuna was finally tired of living in the world of darkness that she did. She grabbed Haruka's car keys and left. Leaving a confused Hotaru behind. She listened intently as the sound of a motorcycle leaving rang through the night air.<br>

>\*<br>Setsuna stopped about 3 meters from the edge of the cliff. She parked the bike, knowing if she took if over with her Haruka would kill her in her next life.

> Setsuna calmly walked to edge of the cliff, she looked over at the protruding rocks that lay below. Setsuna took a breath and jumped, plummeting to her death.<br>

>\*<br> At the Outer Senshi/Tomoe Mansion, Hotaru let a out an anguish cry of "Auntie Setsuna!!!!!!" As the little girl no longer felt the presence of her loved and cherished guardian. She fell to her knees; there was a flash of purple around her little 9-year-old body. Quite suddenly she wasn't 9 anymore, but looked about 16.

> She pulled out a broach that she had been keeping secretly, she raised the broach to eye level and made the decision then.<br>

"Saturn Planet Power! Make-UP!" She henshined into the dreaded scout of destruction.

><br> Hotaru knew that to do what she was going to do probably wasn't the right thing but if setsuna wanted it this way then so be it. She stepped out of the front door into the cold, night air and looked up at the starless night sky knowing what she had to do.

>\*<br> In less time than she was hoping, she found herself in the middle of Tokyo, where the crystal palace would have been

established, but this world cannot go on without the guardian of time. Without thinking about her actions first, Setsuna Mieoh sentenced the rest of the world to death when she plummeted from the top of the cliff,

><br> Hotaru raised her glaive up, knowing that she had to do this. A tear fell from her eye,

>"I am sorry, princess. The peace that you have worked so hard for, now you will only have to work another lifetime to achieve that."<br> Hotaru felt the beckoning presence of someone, she turned to see Haruka and Michiru standing there, a sad distant look in their eyes.

"I must." They nodded, the universe and all of it's dimensions needed the guardian of time to protect them, if that guardian is gone then the universe that the princess has worked so hard to preserve will fall to evil and in a state of dormant solitude.

><br> "Deathâ€| " The first word of the three that would destroy it allâ€| "Rebornâ€| " Come on Hotaru, everyone has thought you such a child, if you fulfil your destiny and sacrifice yourself so that the world will be reborn into a peaceful state, then maybeâ€| "Revolution."

><br> Massive winds poured from her glaive, then a purple huge started to form around her and in a flash Tomoe Hotaru and all of the other guardians of this solar system achieved an absolution then were destroyed with the rest of the universe.
